

## DOSS-60 | وتینگ ایجنت

DOSS-60 is a Multipurpose wetting agent

### Properties

Appearance	: Transparent yellow liquid
pH (%5 in water)	: $7 \pm 0.5$
Ionic character	: Anionic
Solid percent%	: $60 \pm 1$
Density (g/ml)	: 1.074

### Applications & Recommendation

- Soluble in water.
- Soluble in most organic solvents.
- Miscible with most aliphatic & aromatic hydrocarbon solvents.
- Chemically stable in neutral solutions and moderately stable in dilute & alkali solutions.
- Compatible with anionic and nonionic surfactants, but not cationic surfactants.
